DESIGNED TO LAST

We create heirloom pieces for the modern woman. Wherever life takes you Sahira jewels can accompany you. Tarnish resistant, durable, and timeless.

All of our pieces can be worn to swim, workout or shower. Our materials are carefully selected to ensure you have the best quality jewelry possible. We use stainless steel, sterling silver and Brazilian gold filled. An extra layer of tarnish resistance is added to extend the life span of each piece.

It is safe to say that we put immense love and care into creating jewelry to last you a lifetime!
